HARMFUL IF SWALLOWED

APPLICATION INFORMATION

For use on gardens, trees, shrubs, ornamental plantings and lawns.*

• The product requires irrigation or rain water to dissolve the particle before it can be available to the plant root.

• Rotary spreader application is preferred over drop-spreader applications.

• *Washington State Only. – based on soil test results.

1. For damaged grass or repair of damaged grass during the growing season = apply 5 lbs/1000 square feet, no more than 2 times during the season

2. If a soil test indicated a phosphorus deficiency, follow the recommendations of your local county extension service.

Precautionary Statements

Wash face and hands and any exposed skin thoroughly after handling.

If Swallowed: immediately call POISON CENTER or doctor/physician. Rinse mouth.

CAUTION: KEEP OUT OF REACH OF CHILDREN
