

GENERAL INFORMATION

Rocket N + 28-0-0 contains slow release nitrogen and proprietary amino acid for extended nitrogen availability and improved utilization.

Guaranteed Analysis

Total Nitrogen (N).....28.00 %
6.97% ammoniacal nitrogen
6.08% nitrate nitrogen
14.95% urea nitrogen*

Molybdenum.....0.002%
Boron.....0.02%

(Derived from: Urea, Methylene Diurea and Methylene Ureas, urea ammonium nitrate, sodium molybdenate and boric acid)

*7% slowly available nitrogen from methylene urea

(This fertilizer contains boron, which may be injurious to certain crops. Contact your local county agent or field consultant for specific information. o CAUTION: This fertilizer is to be used only on crops which respond to molybdenum. Crops high in molybdenum are toxic to grazing animals (ruminants).)

CONDITION OF SALE

Seller warrants that the product conforms to its chemical description and is reasonable fit for the purpose stated on this label when used in accordance with directions under normal conditions of use. Since weather, crop, soil, and other conditions may vary, Planet Turf, Inc. and/or seller make no warranty of any kind, expressed or implied, concerning the use of this product. The user assumes all risk of use of handling, whether or not in accordance with directions or suggestions.
